

First Carload Of Bulbs Sent From Bradner

TWENTY-ONE GROWERS CONTRIBUTE TO CAR; QUALITY, PRICE RISE

First carload shipment of bulbs direct from Bradner was made on Friday night by members of the Bradner Bulb Growers' Association when they loaded some 350,000 bulbs for Toronto on a freight car spotted at Bradner station by the B.C. Electric Railway.

Valued at over \$7500, the shipment was principally of daffodil and narcissi bulbs and was to the order of the same Toronto firm which took the two-car shipment loaded from Matsqui C.N.R. station during the 1940 season. The growers expect to make another shipment in about three weeks.

Something of a record was established in loading the car through the excellent teamwork of the growers participating in Friday's shipment. The 468 sacks of bulbs weighing 100 pounds or more each were hustled from 21 farms in the district by one truck and loaded into the freight car all within 3½ hours between 6 p.m. and 9:30 p.m. DST.

A representative of the Van der Zalm firm declared the 1941 bulbs to be of even better quality than those shipped last year from Bradner and which, he reported recently, brought unanimous commendation from buyers in the East. Prices paid the growers are also said to have been much better. Incidentally, association officers estimated, the shipment represented approximately \$500 in Sales Tax to the National Revenue Department.

Unusual Heat Causes Death of Matsqui Farmer

CLAYBURN FARMER IS STRICKEN; ELECTRICAL STORM BRINGS RELIEF

Death of Rudolph Emil Smits, pioneer resident of the Stevens-Valley road, Clayburn, is laid to the record heat wave experienced for several days last week. Mr. Smits was found shortly before noon Friday slumped over his milk barrow which he had been wheeling home from the highway, and rushed to M-S-A General Hospital where he succumbed about three hours later. Little could be done for the stricken man whose body temperature is reported to have been 110 degrees A bachelor, the deceased had resided on his farm in Matsqui for about 28 years and had been in B.C. for 34 years. He was about 61 years old and a native of Switzerland, where a sister resides. A brother resides in Bowdon, N.D. He was found, police state, by George Ralphs and rushed to the hospital in the truck of a neighbor, Hector Stevens. Funeral services were held Tuesday morning from the Henderson Funeral Home to Hazelwood cemetery. Rev. A. J. Loughton officiated. Jack M. Streight, official administrator, New Westminster, is in charge of the estate.

POWER DISRUPTED

Temperatures ranged close to the 100 degree mark during the heat wave and were reported much higher in the open. Partial relief came Thursday evening with a short but severe electrical storm which caused a number of fires in the mountains surrounding the valley and at least one on Sumas Mountain. It was very hot again Friday, however, but cooler Saturday. Relief came with a down-pour of rain Sunday afternoon and cooler temperatures have maintained since then.

HEAD OF BIG FIRM VISITS ABBOTSFORD

Seth Marshall of Duluth, Minn., U.S.A., president of the Marshall-Wells companies in Canada and the United States, was a visitor to Abbotsford on Tuesday accompanied by George McLaughlin, B.C. manager, and he renewed an old acquaintance with J. S. Daly.

Resolution Passed at Board of Trade Meeting Held At Farmers' Request

WHEREAS investigation reveals that the change to Daylight Saving Time in British Columbia is not providing advantages to any industry in the province proportionate to the disadvantages created, particularly in the case of the agricultural industry, and

WHEREAS the Dominion Government did not find it necessary to request the change as a War Measure—probably in view of the fact that only a small number of workers employed, in most cases, only on a one-shift basis, would be beneficially effected and that there is a surplus of electrical energy available, and

BECAUSE the change of time has worked a considerable degree of hardship in the dairy farming industry, is complicating the hauling of dairy products from farm to factories and cities and is now also of great disadvantage in harvesting crops causing increased costs and loss of time, and

BECAUSE it will prove a serious disadvantage as a hazard in the essential logging industry through woodsmen starting work in the dark hours of the morning, and

BECAUSE it will in the large rural areas of the province create an unfortunate situation in regard to children attempting to reach their schools on time and having to stand by the roadsides and await school busses travelling up to two hours in darkness, be it therefore

RESOLVED that this meeting, representative of: (1) the agricultural industry of the Matsqui-Sumas-Abbotsford Area, including dairy, grain, poultry, fruit, bulb and other farming activities; (2) parents of 1800 school children; (3) ratepayers of three incorporated districts; (4) the Abbotsford & District Board of Trade and other public organizations, respectfully urges the Provincial Government to immediately rescind this regulation which is causing so much confusion, loss, inconvenience and hazard in the province.

—Carried unanimously and ordered sent to Premier T. D. Pattullo and copies to other Boards of Trade and public bodies in the Fraser Valley.

Daylight Saving Protest Draws Large Attendance to Special Meeting of Board of Trade

FARMERS ATTEND FROM ALL PARTS OF M-S-A AND UNANIMOUSLY PROTEST HARDSHIP GIVEN FARMERS BY B. C. DAYLIGHT SAVING TIME

Largest attendance at any Board of Trade meeting except annual banquets featured the special session held Monday night to permit farmers of the M-S-A Area to voice their protest against introduction of Daylight Saving Time in British Columbia. Requested by the farmers, the meeting was well supported by farmers from all parts of the district and it required both board rooms at the Canadian Legion Hall to accommodate the attendance.

From the start there was little doubt but that the meeting was unanimously opposed to the change in time as an unnecessary innovation that benefitted few but worked a hardship on the farming industry. President H. S. Andrews first called on George Cruickshank, M.P., Fraser Valley, to clear the question as regards Dominion status of the change of time in B.C. He declared that it had definitely not been done on the recommendation of the Dominion government. It had been requested by one of the dollar-a-year men "and you know my opinion of them," the member added. In defence of the provincial government he asked the meeting, however, "to put yourselves in the government's shoes. You are asked to do this as a patriotic gesture. You are told it means one more badly needed ship. What else could the government do?" He said he had made it his business to visit the shipyards and not one was working on Saturday afternoons, the member said, and only a few men on more than one shift a day. Benefit of the change, he suggested, had resulted only to golf and tennis fans in the cities. In the East there was need, he admitted, and if the U.S.A. adopted it undoubtedly it would be put in effect across Canada. Protest from (Continued on Page Eight)

PIPE BAND VISITS ABBOTSFORD; AIDS RECRUITING DRIVE

Pipe band of the Canadian Scottish paraded in Abbotsford this forenoon in the course of a one-day tour of the larger centres of the Fraser Valley in support of the campaign to obtain recruits for Active Service units. The band, about 20 strong, came up in army lorries headed by the Mobile Recruiting Unit. The stirring music brought out everyone within hearing as military bands have been heard here only on two or three occasions during this war.

TWO SUMAS MEN SENTENCED TO GOOD BEHAVIOR FOR YEAR

Otto Styr, Atkinson road, and Frank Steger, Marion road, Sumas Prairie, who charged each other with common assault after a fight which, police state, took place in Steger's home recently, were each found guilty by Magistrate J. W. Winslow in Sumas court on Thursday. Court costs were assessed and each man bound over on their own recognizance of \$50 to keep the peace and be of good behavior for 12 months.

Matsqui Girl Wins Matric Scholarship

GRETA VESTERBACK WAS ACTIVE STUDENT; REPEATS FEAT OF SISTER BRITA

Announcement from the Department of Education, Victoria, on Monday of Matriculation examination results for the province, reveals that Greta Ann Vesterback, student of Philip Sheffield High School at Abbotsford, led the Fraser Valley district to win a scholarship of \$175 granted by the Royal Institution awarded by the University of B.C. In District 5, Greta, daughter of Mr. and Mrs. V. Vesterback of the West Pardonville district of Matsqui, scored 88.2 points while second scholarship in the Fraser Valley was won by a student of Maple Ridge high school with 84.6 points. Highest Junior Matriculation score in the province was 95.6 obtained by a Victoria student. There were 3500 candidates.

In winning the Fraser Valley scholarship for 1941, Greta Vesterback repeats a similar feat by her sister, Brita, then a student of Mount Lehman school, who graduates this fall from U.B.C.

ALSO PASS JR. MATRIC

In addition to those whose Junior Matriculation pass was announced in The News of June 18, the pass list announced by Victoria on Monday includes the following students of the M-S-A Educational Area high school:

Matilda Frances Bartha, Evelyn Maud Beaton, Peter Esmond Dickson, Eveline Anna Dyck, Viola Margarette Feltren, Gladys Marguerite Mullin, John Alexander Murphy, Ruth Theresa Purver, Donald Harry Shogren, Stella Jean Smith, Thomas Arthur Straiton, Douglas Grant Barton Taylor, Mary Ellen Trimnell, Greta Ann Vesterback.

PREVIOUSLY REPORTED

The following students, it was announced in The News on June 18, completed Grade XII by recommendation:

Margaret Anderson, Ethel Armstrong, Eva Armstrong, Macdonald Atkinson, June Beharrell, Nellie Coghlan, Lorna Daly, Margaret Grohnert, Mary Hill-Tout, Dorothy Leary, Margaret Leslie, Donald Low, Hazel Reid, Joyce Robinson. (Continued on Page Four)

LAC JACK ANDREWS CABLES TIP HOME ON RADIO PROGRAM

"Listen Quiz Program Saturday, July 26. On 7 days leave Scotland. Keep Smiling. Jack Andrews." This was the message received by cablegram this morning by Mrs. H. S. Andrews of Abbotsford from her son, LAC Jack Andrews with the RCAF in Great Britain. The program referred to is believed to be the CBC feature, "Quiz for the Forces" a rebroadcast from the BBC via Ottawa which is heard over CBR and network from 6 to 6:30 p.m. PDST on Saturday. Because he is so well known throughout the M-S-A Area, The News requested permission to publish the message in order that his many friends would have opportunity to listen for the program.

SEEKS RE-ELECTION

PREMIER T. D. PATTULLO

who for 25 years, has served as member of the Provincial Legislature, representing the riding of Prince Rupert, will seek re-election as leader of the Liberal government in October, Premier Pattullo, during his long term of public service, has seen British Columbia progress rapidly, and has enjoyed the experience of seeing many of his plans for the welfare of this Province brought to fruition. In seeking return of the present government to office, he does so, his supporters declare, on a record of achievement, plus his plans for the future of British Columbia coupled with the pledge that this unit of Confederation has given, and will continue to give, the fullest co-operation in Canada's war effort.

B. R. Macdonald Opened Customs At Huntingdon

BORN AT PORT DOUGLAS, HARRISON LAKE, IN 1865; EARLY CUSTOMS OFFICER

Funeral services were held in Vancouver on Friday afternoon for Boswell Robert Macdonald, who passed away on Wednesday, July 16. Besides a son and daughter-in-law, Mr. and Mrs. Arthur Morrow in Vancouver, deceased is survived by two sisters, Mrs. Fraser York of Huntingdon, Mrs. William Foot of White Rock, and one brother, Alfred Macdonald in Chilliwack.

Born at Port Douglas, Harrison Lake, on April 9, 1865, Mr. Macdonald spent his early years at Yale and Chilliwack. He entered the Dominion customs service at the age of 20 and was one of the first three customs officers in Vancouver. He opened the customs office at Huntingdon about 1890 and in 1896 became collector of customs at Rossland. In 1907 he left to open the customs at Prince Rupert, and remained there until 1913. Following this he became representative of Canadian Customs to the United States, spending 13 years in that position. Mr. Macdonald retired in 1925 after 40 years' service.

He was predeceased by his only son, Lieut. Donald Randolph Macdonald of the 29th Battalion, in 1918 in France, and by his wife, Eleanor Alcock Macdonald, in 1921.

CARS BADLY WRECKED

Damages to the extent of \$450 were caused, police state, to autos driven by Jas. W. McConnell, McKenzie road, Sumas, and Walter A. Schmidt, McCallum road, Sumas, when they collided at the corner of McKenzie and Farmer roads on July 15.

B.C. Election Will Be Held This October

DISSOLUTION OF B. C. HOUSE IS ANNOUNCED BY PREMIER PATTULLO

A general Provincial election will be held in October. This was made known yesterday by Premier T. D. Pattullo, when he announced the dissolution of the Provincial Legislature.

In making the announcement, it is recalled that the premier has been a member of the Provincial Legislature for the Prince Rupert constituency for the past 25 years. For twelve years he was Minister of Lands and for five years leader of the opposition. The last eight years he has occupied the post of Prime Minister.

SEEKS INDUSTRIES

This is somewhat of a record among public men throughout Canada, and being in excellent health, Premier Pattullo is looking forward to many more years of public service.

He has several matters which, he says, he is particularly anxious to see brought to fruition as war and immediate post-war undertakings. Among these are the completion of main highways in British Columbia, including the British Columbia-Yukon-Alaska Highway; the discovery of oil in the Peace River territory; extension of the boundaries of British Columbia to include the Yukon, and the establishment of an iron and steel industry.

SIMPLE TAX SYSTEM

Following the war, it is his desire to agree upon a formula with the Dominion Government enabling the Province to enjoy a fair and equitable proportion of the income tax so that it may adequately participate in developmental policies, and at the same time establish a single system of tax collection by the Dominion.

The premier feels that his government has the background of knowledge and experience both to protect and further the interests of the Province.

MANIFESTO

The premier's announcement was accompanied by a manifesto, reproduced on page 6, in which it is pointed out that, due to changes

Big Attendance Expected At B.C. Camp Meeting

Alberta Singers Will Be Heard at Annual Event

Rev. Alfred J. Loughton, business manager for the annual B.C. Camp Meeting of the Church of the Nazarene, being held in Abbotsford from July 24 to August 3, anticipates a record attendance at this year's gathering. This is the fifth successive year that these meetings have been held in Abbotsford. Visitors are also expected from other Provinces as well as from neighboring States. An intensive program has been prepared which will be found in an advertisement on another page.

Special attention is paid to the children for whom a service is conducted each day by Mrs. Ernest Armstrong who is a special Children's Worker. These services are in the nature of bright singing, action songs, object lessons and other interesting features. All boys and girls are asked to attend and enjoy this hour each day. Mr. Loughton states that those who love good singing will appreciate and enjoy the male quartette from the College and other visiting singers from Alberta and B.C.

All meetings are public gatherings and, it is announced, all are invited to attend.

Chivalry Still Exists Between British and Italian Troops

Chivalry and sense of mutual respect still exists between British and Italian troops, and Italian prisoners here shown surrendering to South African troops in Eritrea, not only carry their rifles, but are saluted by their captors as they march past. These troops surrendered at Fort Toselli during the battle of

Amba Alagi, the last Italian stronghold in Eritrea, not in British hands. The conduct of the East African campaign has been in the sharpest contrast with the savage, ruthless total warfare Germany has waged on the continent of Europe.

An Easy Decision

Motor car drivers in Canada are now faced with the announcement from Ottawa that the airmen of the Empire need the gasoline which Canadians are using for pleasure purposes.

For several months past, every loyal Canadian has been nursing the fervent wish that the young flyers from Canada with their brother fighters in the R.A.F. could pay back tenfold the unspeakable horrors which Nazi airmen have unleashed in the British Isles. Now finally the wings of hundreds of Empire planes are casting their shadows over Germany daily. The hour has come when we have the opportunity to shake the morale of Hitler's millions.

But as each new flight of airplanes streak into battle, and as the Empire increases its raiding groups from a handful of attackers to waves of machines which are counted by the hundreds, fuel for these fighting ships stands out as the stark need of the hour.

From London comes the urgent cry, "Give us all the gasoline you can spare". It is up to M-S-A motorists to do their part now.

Pay The Premium

Apart from the natural beauties that are an ever-present lure and attraction to tourists in Canada, the premium on United States dollars is the greatest possible aid to promotion of traffic from that country. In terms of dollars, it provides a bonus of ten per cent. One enterprising group has pictured it as "one day free in ten". To others, it is a pleasing novelty.

For any one of these conceptions to be effective, the premium must be paid by the Canadians catering to the tourist. It is not only a national service to pay the premium, paramount in wartime, but it is the law as well. It is an offence, punishable by severe penalties, to accept United States currency at anything other than the official rate.

Because Canada is in urgent need of United States dollars to buy airplanes and other vital war equipment in the U.S.A., this American currency should be turned in to the banks without undue delay. It is an offence to hold it for more than a reasonable period of a few days after it has been received.

No Canadian loses by payment of the premium. Merchants, hotelkeepers and others pay the current premium of ten per cent and the banks pay out a like premium in receiving the American currency. The premium is ten per cent, whether it be for U.S. paper currency, bank cheques, travellers' cheques or silver. It is a national service and a patriotic duty—PAY THE TOURIST HIS PREMIUM.

Would Revive Dairymen's Association

A movement which has its present impetus in a resolution passed at a combined meeting of the Okanagan and Salmon Arm and North Okanagan Cow-Testing associations, asks the Hon. Minister of Agriculture, K. C. MacDonald, to revive the British Columbia Dairymen's association.

The members of the two cow-testing associations, states *The Vernon News*, are alert to the advantages to be derived when men and women unite to promote a common interest. Through organization in an association to test the production of their cows, they have an advantage they could not secure as individuals. They believe they see other advantages which may be secured by a province-wide organization of dairymen.

Eight of the nine Canadian provinces now have such associations, and in reviving the old B.C. association, the dairymen are, in the opinion of *The Vernon News*, getting into step with their fellows throughout the Dominion. In these days of government control of industry and of a tendency towards government by order-in-council, an industry which is not fully organized, is at a disadvantage.

When the British Columbia Dairymen's association functioned, some years ago, the interior of the province bulked small in its counsels. This could hardly be wondered at. There were then about 4000 dairymen in the Fraser Valley and not more than 1000 in the Interior. Today the situation has considerably altered. The Okanagan, *The Vernon News* points out, has now double the number engaged in the industry and other fertile valleys are also making their presence felt so that an association would be truly representative of more than one area.

Now that the initiative has been taken, it is hoped by the Vernon paper that the very obvious advantages to be derived from organization will so commend themselves to the good common sense of dairymen that there will be no delay in effecting it.

In asking the Minister of Agriculture, the Hon. K. C. MacDonald, to take such steps as will revive the all but defunct British Columbia Dairymen's association, the local associations are on safe grounds. The minister, if he will, can quickly give the movement a great impetus but first he will have to be shown that there is support for something which is now only the expressed wish of a few.

Preference For Canadian Farm Products

We hear that President Roosevelt, at the request of Mr. DeValera, is proposing to ship wheat and other foodstuffs to Eire.

The ships carrying these foodstuffs would have to pass through the German submarine, bomber and surface warship blockade on the Atlantic, and so would have to be protected by British warships, but the irony of it is that this protection is rendered much more difficult than it should be, and entails a greater loss of British life and ships, because Mr. DeValera refuses to permit the British to use three Eire ports that by Treaty were available to Great Britain for mutual defence up to and including the year 1938.

Canada, however, is making all her ports available to Great Britain, and is spending the treasure of her people and the blood of her sons in common Empire defence, whereas Eire, also like Canada, a part of the British Commonwealth of Nations, spends no money, no treasure and no blood on Empire defence. It seems, therefore, writes H. G. L. Strange, that when this war is over, Great Britain should certainly give a "buying" preference to Canadian farm products such as cattle, bacon, eggs, poultry and cheese over those of Eire from which country Great Britain normally purchases vast quantities of these foodstuffs.

"My Harry seems so happy over there—when the announcer said 'would you like to say a few words to the little woman back home'—he just laughed and laughed."

The Functions of the Press

This is one of a series of editorials specially designed to acquaint our readers with the various functions of the Press in a democratic community. Following is No. 9.

The Press and Local History

Few people, as they read their weekly newspapers realize that they are reading perhaps the only contemporary history of their community it is possible to read. It is doubtful, too, if they realize that as each issue gets old, the more valuable it becomes, and that the old files of a newspaper are, from a historical standpoint, of incalculable worth.

The newspaper files are the most authentic history of the community available. They tell the story of the community's life as it happens. Past history is important to those who live in the present. Those of us who live in modern surroundings are sometimes apt to forget the sacrifices of those who made the community what it is today. It is not so very long ago when the territory served by weekly newspapers was virgin forest or prairie, untouched by the hand of the white man. It was a territory upon which the plow-point had never turned a furrow, a wild and beautiful country in its natural state. In the meantime men have worked, and schemed and planned and today we have every modern convenience, churches, schools, libraries, theatres, electric lights, sewers, sidewalks, paved streets and a hundred and one other conveniences our forefathers never dreamed of. These things did not come about by chance or by natural evolution. They came about because men toiled ceaselessly to leave behind them a better work than that into which they came. Their devotion, their struggles, their ideals, their initiative and determination should be an inspiration to succeeding generations. And the record of their achievements appears in the files of the local newspapers, and that is why they are such valuable records of the triumphs of the pioneers.

Few people who contribute to the news columns of a newspaper are aware that they are contemporary historians. They are chronicling the events of community life for posterity, and generations hence will read the story they have told, and from the struggles of this day they will gain inspiration for the struggles of their day. The newspaper preserves the story of our ideals, our problems and our lives, and those who contribute to the news columns of their local newspaper are therefore doing a valuable service for "those who follow in their wake".

For this reason it is essential that contributors write so that the reader of twenty-five or fifty years hence may understand the import of the story. For instance some writers are apt to consider a story as of interest only to their particular organization, rather than to the community as a whole. Occasionally one reads an item about a young people's meeting in which John does this, and Mary does that. To the average reader this doesn't convey anything even at the time, and it would convey even less a quarter of a century after it is written. If the same organization wanted to check back for historical purposes many years after, John and Mary would not convey to them who were active members of their group in bygone days.

The newspaper is truly the archives of the community, and as such is of increasing value to the community as the files grow older. The readers are, therefore, personally a part of the newspaper, because their contributions to its columns are helping to record the history of the age in which they live.

To lend money is not sufficient; we are equally obliged to furnish men."—Cardinal Villeneuve at Quebec.

"The greatest enemy on this side of the Atlantic is the idea that there is lots of time."—Hon. J. L. Ralston, Minister of National Defence.

As I look back over the years that are past I can think of nothing that has brought more real happiness into my life than good books. As a source of inspiration, cheer and practical helpfulness, they have had no equal. Books, magazines and periodicals have been the greatest single factor in shaping my life and making me what I am today."—Progressive Farmer.

GENERAL STAFF OFFICER

Brigadier E. L. Burns, O.B.E., M.C.
General Staff, Canadian Corps
in England

A serious-faced young man of 43 is Brigadier Edson Louis Burns, formerly Assistant Deputy Chief of Staff at Ottawa and now of the General Staff of the Canadian Corps in England. Possessing what is said to be one of the best brains in the army, he works like a beaver and seems to make no enemies.

Brigadier Burns was born in Westmount, educated in public schools of St. Thomas, Ontario, and Lower Canada College, Montreal. Headed early for the army he went to Royal Military College in Kingston and received commission during last war in Royal Canadian Engineers, August, 1915, saw him as Signal Officer of the 11th Infantry Brigade commanded by Major-General Odlum. Through peace he rose steadily in rank and at the outbreak of war received his present position.

LIBRARY CORNER

Outstanding books on present history recently added to the Fraser Valley Union Library are the following:

BLOOD, SWEAT AND TEARS Churchill, W. L. S.

The prime minister's speeches, from May, 1938, to February, 1941. A running commentary on the progress of the war and England's defense. It follows *While England Slept* and is even more important as time justifies Mr. Churchill's stand.

MY SISTER AND I Heide, D. van der

The German invasion of Holland, described in the diary of a 12-year-old boy. Naively written, with moving simplicity and bitterness against the Germans, it seems authentic. Young Dirk lived on the outskirts of Rotterdam with his parents and his sister, well-to-do middle class Hollanders. After the bombing began, he saw German paratroopers and learned of his mother's death. Finally Uncle Pieter took both children to England and sent them to America, where they are at present.

SQUADRONS UP! Monks, N.

Journalistic stories by a London Daily Mail war correspondent of two Hurricane units of the RAF in France, Dunkirk and Britain. Most of these are concerned with air battles against tremendous odds, and personalities of famous pilots, whom the author knew.

UNDER THE IRON HEEL Moens, L.

The German invasion of Belgium and life there during the German occupation are well described by an American who was caught in the country at the time and stayed until October 22, 1940. He talked to many German soldiers as well as to citizens; his first-hand account of conditions and prevailing European opinions is both readable and convincing.

JAPAN UNMASKED Abend, H.

What the New York Times correspondent learned and saw in 1940 when he visited the Philippine Islands, Singapore, the Dutch East Indies, and other strategic points of the present Far Eastern crisis. Just how important these islands are to the outcome of the present war is shown. Having spent many years in the Far East, he writes intimately and with authority of what Japan is doing in China to effect an economy closed to all foreign countries and dominated by herself. His book is both illuminating and alarming, showing the extent and ruthlessness of Japanese ambitions, and the serious position of the United States.

WINGS OF VICTORY Halstead, I.

The part the Royal Air Force plays in "the cruelest war in history," told partly by the men themselves, partly by observers. Enthusiastic tributes to its personnel, its spirit, and achievements, with chapters on the aviators from Canada and the United States. The Fraser Valley Union Library is yours—use it. —R.B.C.

WAR VETERANS HELP WAR CAUSE

Empire veterans of the South African War, Toronto, have contributed \$50 to Canada's war cause. Pupils of elementary schools in the county of North Wellington, Ontario, send \$1700 for purchase of an ambulance; pupils of Queen Margaret's school, Duncan, B.C., contribute \$500. School children indeed figure largely in the most recent—the 48th—list of gifts to the war cause, gifts of war savings stamps, of pocket money, self denial of candy. Fred S. Orpen of Toronto sends \$5000. From far away Temarn, South Island, New Zealand, Miss Florence Fraser contributes \$100.

ANNUAL MEETING

The first annual meeting of the Whatcom County Standard Plan Dairy Herd Improvement Association will be held August 2 at Sea Shore Inn at Birch Bay, according to Harry D. Gleason, assistance extension agent in agriculture.

Flax, Grain And Alfalfa Plots Are Seen At Field Day

FERTILIZATION AND CROPPING DESCRIBED

Fine weather offered an excellent day at the University of B.C. Farm on Friday when members of the B.C. Field Crop Union gathered there as guests of the Agronomy Department of the U. B.C. Because fine weather also spells haying time for Fraser Valley farmers many interested cropping enthusiasts were unable to spare the time to drive Coastwise even to escape the heat wave.

Representatives from the Interior attended as well as men from Agassiz, Chilliwack, Sumas and districts lower down the Fraser Valley. Excellent demonstration plots of alfalfa and grain crops were shown and Dr. Broe and Dr. Laird of the Agronomy Department explained the cropping methods and types of fertilization in a running commentary as the visitors followed from plot to plot.

Mills Clarke of Agassiz spoke on the growth of fibre flax while he utilized farm grown plots in various stages to illustrate his points.

A coffee snack was enjoyed in the university cafeteria where short addresses were heard from various speakers including H. German of Chilliwack, president of the B.C. Field Crop Union; J. B. Munro, deputy minister of agriculture; E. D. Barrow of Chilliwack, and others. This session was under the chairmanship of Dr. Blythe Eagles of the Dairying Department.

John Peers of Sumas Prairie and Len. Zink, B.C. Electric Agriculturist, Abbotsford, were among those present from the M-S-A Area.

FAST TIME IS CRUELTY TO ANIMALS

The Bermuda assembly rejected daylight saving time because it believed it would be cruel to animals. Farmers said daylight saving time would deprive their animals of an hour's sleep each night because, not knowing man was playing with the clock, they'd go to sleep at the same time. The assembly then defeated the proposal 25 to 6.

POTATO "COMBINE"

Three Shafter, Calif., men have invented a potato harvester that sacks potatoes in the field and allows day and night harvesting. The harvester also permits grading and sorting of tubers, avoiding hauling unsuitable potatoes to packing machines. The inventors say the device is to potato harvesting what the combine is to wheat harvesting.

B.C. PLUMS FOR BRITAIN

Approximately 150 tons of green-gage and imperial gage plums will be processed in SO2 for the British Ministry of Food. A. K. Loyd has announced. The plums will be handled in Vernon.

2425 Questioned During June By Border Patrolmen

Fourteen Persons Charged
With Illegal Entry to U.S.

Fourteen persons who crossed the border into the United States in an illegal manner during the month of June were apprehended and arrested by the officers of the Lynden subdistrict of the U. S. Immigration Patrol, the monthly report of Chief Patrol Inspector C. E. Moore shows.

Four others were detained on warrants of arrest, and seven persons charged with violation of laws other than the immigration regulations, were apprehended.

Eight of those apprehended had criminal records and one had been deported previously. One alien, picked up by the Washington State Patrol, was turned over to the immigration men.

The border patrolmen delivered one person to the customs officials along with an automobile valued at \$600. The officers in the month of June covered a distance of 39,992 miles.

A total of 2425 persons were stopped for questioning. A total of 1442 of those questioned were pedestrians. The remainder were riding on freight trains, passenger trains, cars, busses and boats.

Irrigation Tour To Be Conducted To Aid Farmers

Farmers Invited to Go On
Field Trip on July 25th

Farmers of Whatcom County will have an opportunity to observe the results of irrigation and approved farm management practices under conditions similar to those on their own farms on the irrigation tour to be held in Skagit County on Friday, July 25, says F. W. Frasier, Whatcom County extension agent.

The tour in Skagit County is the final day of a week long event sponsored jointly by the Western Washington Reclamation Institute and the Extension Service of the State College of Washington.

At the noon stop in Burlington, R. B. Turner, extension economist at the State College, will present an analysis of a recent study made in Western Washington of a large number of irrigation systems. Lars Langlois of the state department of hydraulics plans to be present to discuss various phases of irrigation and domestic water supplies.

U.S. TOURISTS CAN BUY GAS ON CREDIT CARDS

IMPORTANT NOTICE to Men Liable for Military Training

FOR Public Safety, by Proclamation, dated June 27th, 1941 (under authority of The National Resources Mobilization Act 1940 and The War Measures Act), The Governor in Council has now made liable for military training for the defence of Canada —
—all male British subjects resident in Canada at any time since September 1st, 1939, who, on July 15th, 1940, were unmarried, or childless widowers, and who on July 1st, 1940, had reached the ages of

Twenty-one years
Twenty-two years

Twenty-three years
Twenty-four years

"and also men who attained or will attain the age of twenty-one years on or after the first day of July, 1940, and who were on the fifteenth day of July (1940), unmarried or widowers without child or children."

Extract from Paragraph 3 of Proclamation.

Men designated in the foregoing are further required

"To submit themselves for medical examination and to undergo military training for a period of four months within Canada or the territorial waters thereof, and to report at such places and times and in such manner and to such authorities or persons as may be notified to them respectively by a Divisional Registrar of an Administrative Division."

Extract from Paragraph 4 of Proclamation.

SPECIAL PROVISIONS

designed to facilitate
equitable conditions of mobilization

Deferring of Training Periods to Avoid Individual Hardship

If the Board is satisfied that the calling out of any man for military training will cause extreme hardship to those dependent upon such man, the Board may, from time to time, postpone the training period of the man: Provided that such man shall apply for a postponement order in accordance with the provisions of subsection one of section ten of the regulations.

Postponement Applications Must be Made in Writing

No application for a postponement order may be made otherwise than in writing, by the man called out, to the Divisional Registrar who issued the "Notice—Medical Examination" and within eight clear days of the date appearing on such notice.

Any person who appears before a Board shall do so at his own expense.

War Industry and Seasonal Occupations given Consideration

In the national interest, applications for postponement of training of key men engaged in war industries, or in essential occupations, may be addressed to the Divisional Registrar concerned.

Eligible Men Must Not Leave Canada without Authority

No male British subject who is liable to be called out for military training shall, after his age class has been called out by proclamation, leave Canada, for any reason whatsoever, unless and until he has been so authorized in writing by the Chairman of the Board to whose jurisdiction such man is subject.

Eligible men must notify authorities immediately of change of address or marital status

If you are a single man or childless widower between the ages of 19 and 45 and if you change your address, or if you marry, you must immediately notify

THE NATIONAL WAR SERVICES DIVISIONAL REGISTRAR IN
THE DIVISION IN WHICH YOU ARE REGISTERED

If you do not know the name and address of your Divisional Registrar, ask at your local post office.

Failure to comply with this requirement may subject you to a fine or imprisonment.

CIVIL RE-EMPLOYMENT

Provision has been made for the reinstatement of men in their positions of employment, after their periods of training or service, under conditions that will facilitate their re-entry to civilian life.

Published for the information of those concerned by the authority and courtesy of

THE HONOURABLE JOSEPH T. THORSON,
Minister of National War Services.

B.C. ELECTION

(Continued from Front Page)

In the "Election Act" it had been necessary to allow a longer time than usual between dissolution and election day. The period for registration, the premier said, was sufficient to permit everyone eligible to get on the voters' list.

The chief reason for calling the election, the manifesto states, is to enable the government to implement its pledges to the Dominion Government of all-out co-operation in the nation's war effort.

"To co-ordinate Provincial taxation with Dominion proposals, it will be necessary to pass legislation at the next session of the Provincial Legislature to bring into effect appropriate measures," the manifesto reads. "The matter is of such importance that I feel the Government should have an expression of the wishes of the electors," it continues.

THREE MAIN TASKS

The manifesto also outlines the three main tasks confronting the government. They are: (1) to do all possible to assist in the war effort; (2) to keep the home front functioning as adequately as war effort will permit; (3) to bear in mind post war problems and act in relation thereto as far as items one and two will permit.

"CALLING ALL CARS"

Save Gasoline

A NATIONAL EMERGENCY

Canada is right up against an acute shortage of gasoline and fuel oil. Tankers that normally supply our country have been commandeered for vitally important overseas service.

The Commonwealth Air Training Plan, the rapid development of Canada's mechanized army units and the great work carried on by our corvettes make the demand for fuel urgent.

Our crude oil intake is limited. There is just one thing to do if our fighting forces are to carry on with a "full tank". Every Canadian motorist is asked to cut his daily gas consumption in half!

There are many ways by which this 50% saving can be made... ways and means to give you more mileage per gallon. You can drive slower so that you will use less gasoline. You can go fifty-fifty with your neighbours, inviting each other to share cars... for business, and for pleasure. People can readily go to and from work together, using one car instead of four... using one gallon of gasoline instead of several. Women as well as men can make these savings.

The amount of gasoline used in Canada for business, social and non-essential activities is amazingly high in proportion to that used by our fighting forces. One look at the figures would convince you that this situation must be reversed.

17 easy ways towards a
**50% GASOLINE
SAVING**

(Approved by Automobile Experts)

- Reduce driving speed from 60 to 40 on the open road.
- Avoid jack-rabbit starts.
- Avoid useless or non-essential driving.
- Turn motor off when not in use, do not leave idling.
- Don't race your engine; let it warm up slowly.
- Don't strain your engine; change gears.
- Keep carburetor cleaned and properly adjusted.
- Tune up motor, timing, etc.
- Keep spark plugs and valves clean.
- Check cooling system; overheating wastes gasoline.
- Maintain tires at right pressure.
- Lubricate efficiently; worn engines waste gasoline.
- Drive in groups to and from work, using cars alternate days.
- For golf, picnics and other outings, use one car instead of four.
- Take those short shopping trips ON FOOT and carry parcels home.
- Walk to and from the movies.
- Boat owners, too, can help by reducing speed.

Your regular service station man will gladly explain these and other ways of saving gasoline. Consult him.

L.O.L. NOTES M.S.A. Area

The annual church service of Chilliwack County Loyal Orange Lodge was held in Trinity United Church, Abbotsford on Sunday afternoon. Rev. Bro. David Donaldson of Milner (formerly of Clayburn) was in charge. Sister E. Mann of Huntingdon was at the piano and Sister C. E. Foster of Jubilee L.O.B.A., Chilliwack, sang "Beautiful Isle of Somewhere" and "Open the Gates of the Temple." Hymns sung were "Fight the Good Fight," "Faith of Our Fathers" and "Lead on, O King Eternal."

The minister's text was from Genesis 12:2: "I will make of thee a nation." He called upon us not to be discouraged; God's promises are all kept, prayer is answered today if we will take time to ask and time to subscribe to those principles which God demands of us. The individual, the nation, the empire, must dedicate themselves to the work of God. Then cities may be bombed, nations laid in ruin and still we shall not fall.

The service closed with the singing of God Save the King.

There were about 150 members of the local Loyal True Blue Lodge, Ladies' Orange Benevolent Association and Loyal Orange Lodge present, also visitors from Mission, Langley Prairie and Chilliwack lodges. The collection was for the Loyal Protestant Home for children at New Westminster.

Agent M. M. Shore. By coincidence this week is an anniversary of the occasion when Mr. Supon relieved for Mr. Shore at Spences Bridge while the latter was on his honeymoon.

"With better roads," said Mr. Supon, "British Columbia would be a drawing card for thousands of American motorists. You have," he added, "the scenery they want to see and the things they want to do."

Before leaving to call at Mission and see Acting C.P.R. Agent George Fletcher, Mr. Supon took a quantity of Fraser Valley Scenic Circle folders to give to friends in California.

Mr. and Mrs. A. Anke of Cloverdale spent Sunday at their home at Upper Sumas.

TO THE ELECTORS OF BRITISH COLUMBIA:

The Legislative Assembly has been dissolved and a general election will be held in October.

It has been necessary to allow a longer time than usual between dissolution and election day on account of changes in the "Elections Act" providing for compilation of new Voters' Lists in the larger ridings and also by reason of change in the boundaries of several constituencies which necessitates alterations in the Voters' Lists.

The time for registration of voters is sufficiently long to permit everyone eligible to get on the lists, including those who may be away for the summer holidays.

The chief reason for calling the election this year rather than postponement for another year is that following Parliamentary enactments at the last session of the Dominion Parliament, your Government agreed to co-operate to the full for the period of the war in the proposals enacted, and we also indicated our earnest desire to co-operate fully thereafter upon a basis to be arranged.

To co-ordinate provincial taxation with Dominion proposals it will be necessary to pass legislation at the next session of the Provincial Legislature to bring into effect appropriate measures. The matter is of such importance that I feel the Government should have an expression of the wishes of the electors.

While all else is subsidiary to war effort, we must nevertheless carry on our local affairs to best advantage. We may, therefore, say that broadly speaking three tasks confront us:

- First,* To do all possible to assist in war effort;
- Second,* To keep the home front functioning as adequately as war effort will permit;
- Third,* To bear in mind post-war problems and act in relation thereto as far as items one and two will permit.

It is not possible to discuss in this statement all the innumerable matters of public concern, but let me say this by way of generalization. Apart from considerations of war effort, the chief problems of our Province are the social welfare of our people, the advancement of the agricultural industry, and the building up of industrial activity with

which is allied development of our basic resources.

British Columbia now ranks third in Canada industrially and we are bound to go forward by leaps and bounds but we can aid and accelerate development governmentally, and this must be our constant objective.

British Columbia has a glorious destiny. Captain George Vancouver, in his earliest voyage of discovery, said in May, 1792:

"To describe the beauties of this region will, on some future occasion, be a very grateful task to the pen of a skillful panegyrist. The serenity of the climate, the innumerable pleasing landscapes, and the abundant fertility that unassisted nature puts forth, require only to be enriched by the industry of man with villages, mansions, cottages, and other buildings, to render it the most lovely country that can be imagined; whilst the labour of the inhabitants would be amply rewarded, in the bounties which nature seems ready to bestow on cultivation."

What appeared so propitious then is doubly in evidence today. It is the obligation of all of us to do our duty to this great heritage.

I beg to remain,

Your obedient servant,

VICTORIA, B.C.
JULY 22, 1941

Prime Minister.

TESTED RECIPES

CONSERVE FOR VICTORY

Help Britain; eat 50 per cent less pork, bacon and ham.

Fortunate indeed, is the housewife who is ready for every occasion with a variety of home-made jams, preserves and relishes on her pantry shelf.

This year it is particularly important that every scrap of fruit and vegetable be stored for later use.

The question of containers is often a factor to be considered but for pickles and jams airtight jars are not necessary. Any glass or pottery receptacles can be used. Sealing is done with paraffin or the new cellophane seals.

In jams, preserves and jellies, sugar, vinegar, salt and spices act as preservatives. Long boiling also aids in keeping as it concentrates the product.

There is no end to the variety of "preserves". New mixtures give new colors and new taste, new thrills. The experienced cook can experiment for herself, but the following recipes developed by the Consumer Section, Marketing Service, Dominion Department of Agriculture, are unusual and interesting in flavor and texture.

CHERRY-APPLE CONSERVE

3 cups sweet black pitted cherries
3 cups sour red pitted cherries
3 cups chopped apple
6 cups sugar
1/4 cup water

Mix cherries, apple and water. Cook 15 minutes. Pour into hot sterilized jars. Seal at once.

PICKLED CARROTS

Use carrots not larger than 2 inches. Scrape and wash the desired number. Cook 8 minutes in boiling salted water. Drain. Pack in hot sterilized jars. For each pint jar allow pickle mixture as follows:

1/4 cup cider vinegar
1/4 cup water
1/4 cup granulated sugar
1 tablespoon salt
Boil 3 minutes. Pour over carrots and seal.

TOMATO-CUCUMBER SAUCE

6 cups peeled, chopped, ripe tomatoes
6 cups cucumber (peeled, seeded large)
2 cups chopped onion
2 cups cider vinegar
2 cups granulated sugar
2 teaspoons salt
1/2 teaspoon celery seed, 1 teaspoon mustard seed, 8 cloves
2 teaspoons turmeric
1 teaspoon flour
*—tied in bag

Mix vegetables with vinegar and salt. Cook 15 minutes. Add spices tied in a bag. Cook 30 minutes. Mix mustard, turmeric and flour with sugar until well blended. Add a little hot mixture. Stir to a smooth consistency. Add to boiling pickle. Stir well. Cook 5 minutes. Fill sterilized jars to overflowing. Seal at once.

JUNE MELANGE

2 cups pitted cherries
2 cups raspberries
2 cups gooseberries
6 cups sugar
1/4 cup water

Wash and snib gooseberries. Add water. Cook 5 minutes. Add raspberries. Cook 5 minutes. Add sugar. Cook 5 minutes or until thick. Pour into hot sterilized glasses. Seal at once.

SPICED CURRANTS

7 lb. red currants
5 lb. sugar
1 teaspoon whole cloves
1 pint vinegar
1/2 oz. stick cinnamon
1 teaspoon salt

Make a syrup of sugar and vinegar. Add salt and spices. Boil 3 minutes. Cool. Strain. Add fruit. Cook 25 minutes, stirring often. Pour into hot sterilized jars and seal at once.

Today's Fashions

Local Couples Wed Recently

REAY-PATERSON

The marriage is announced of Alice Catherine, younger daughter of Mr. George Paterson and the late Mrs. Paterson of Matsqui, to Mr. Thomas Reay, second son of Mr. and Mrs. J. Reay of Mission. The ceremony, which was witnessed only by relations and immediate friends, took place Monday, July 7, at 7:30 o'clock at the home of the officiating minister, Rev. G. McKay of Hatzic.

The bride, who was unattended, was charmingly gowned in a red-tinge of blush pink with navy accessories. Her corsage of roses sweet peas and fern was caught to her shoulder.

Immediately following the ceremony the young couple left on their wedding trip cruising coastal waters.

Mr. and Mrs. Thomas Reay were at home to their friends on Saturday evening at a post-nuptial reception and were assisted in the receiving by the bride's father, Mr. G. Paterson, and Mr. and Mrs. Reay, parents of the groom. Mr. Frank Wilson acted as master of ceremonies throughout the evening. After the bride had cut her wedding cake, Mrs. Wilson played a selection of three wedding marches, after which the guests played cards, danced and enjoyed dainty refreshments.

Out-of-town guests were Mr. and Mrs. Ironsides of Chilliwack, Miss E. Tyson, Miss Audrey Kerr, Mr. Jack Kerr and Mr. and Mrs. Jim Reay, all of Vancouver.

SMITH-CHONEY

On Saturday, July 12, a pretty wedding was solemnized in St. Peter's Church, Vancouver, when Daniel, eldest son of Mr. and Mrs. Fred Smith, Gladwin road, Abbotsford, was united in marriage to Angela Kathleen, youngest daughter of Mrs. K. Choney of Viking, Alberta. Rev. H. Lamb officiated.

The bride, who was given away by her brother-in-law, Mr. Steve Kishlewich, wore a long gown of white georgette and a wreath of orange blossoms held her chapel veil. She carried a bouquet of talisman roses and swainsonia.

Mr. Arthur Coulter of Vancouver was best man and ushers were Messrs. Larry Stewart and Harvey Jebeault of Vancouver. Mrs. F. McLennan was matron of honor and Miss Anne Kishlewich of Beauvallon, Alta., was bridesmaid. Mr. George Bell of Vancouver sang "For You Alone."

The groom's mother and two sisters, Mona and Gloria, attended.

The reception was held at Criss' Grill in Vancouver. Toasts were proposed to the young couple, also to the mothers of the bride and groom by Rev. Lamb. Dancing was enjoyed after which the young couple left for a few days at Bowen Island. They will reside in Chilliwack.

MRS. T. REAY IS HONORED WITH SHOWER

Mrs. Fred Hanson was hostess Friday afternoon at her home to about 45 guests when she honored Mrs. Tom Reay, the former Alice Paterson, at a bridal shower. The house was gay with pink and white streamers, white wedding bells, white 'mums and fern and sweet peas.

Pink and white carnations and baby's breath held sway on the centre table where Mrs. J. Inglis and Mrs. N. Mundy, aunt of the bride, presided at the urns.

The gifts were presented in a large pink clothes basket and Mrs. Paul Myhre and Mrs. Inglis assisted the bride in opening them. Mrs. Frank Wilson played the wedding march. After a welcoming speech by the hostess, who pinned a corsage on the bride, Mrs. Walter Adams sang a solo accompanied by Mrs. Wilson.

Assisting the hostess in serving were Mrs. G. Kerr, Mrs. A. Holmberg, Mrs. I. Davies, Miss Evelyn Beaton, Miss Betty Jane Hagen and Miss Lillian Davies.

As Friday was the birthday of Mrs. J. M. Igeland, the hostess pinned a corsage on her shoulder.

Seersucker for sports wear

By Grace Thorncliffe

SEERSUCKER frocks for sports and play have their place in the wardrobe of many bright and busy girls. This one is a useful little model, good for the links or for general playtime wear. It is of men's seersucker striped in brown and white and has brown wooden buttons and a brown leather belt. The bodice buttons to the waist in front, while the skirt buttons up one side. One large flap pocket is on the opposite hip.

RED CROSS News Notes

TREASURED KEEPSAKE

There came to the Provincial Junior Red Cross Headquarters from Kamloops the other day, a ball of lead foil marked "collected in 1888." Further inquiries disclosed this had been collected by Sergeant-Major Walsh Bishop of Kamloops, B.C., a veteran of the Great War, a well known traveller and collector of antiques. Sergeant Major Bishop began collecting the lead foil when he was ten years of age. He used this particular ball, the size of an ordinary baseball, with an approximate weight of ten pounds, as a paper weight. He carried it with him in all his travels. Noting the Red Cross was collecting tin foil, he turned his interesting paper weight into the Red Cross.

BUILT CHEAPLY

Canadian Red Cross Hospital No. 1, at Taplow on the Astor Estate, England, built and equipped by the money collected in the first national Red Cross campaign, cost 30 per cent less than similar institutions of its kind. It is considered one of the finest military hospitals in the world.

USE TINIEST SCRAPS

Not one piece of new material which is an inch square is wasted by the Prince George Red Cross Branch. This branch had made more than 40 quilts from cuttings of Red Cross materials gathered from their work room, and samples of new materials collected from merchants and mothers who make their children's clothes. Many linings were made from flour sacks bleached white. The piecing quilting and finished demonstrated the greatest skill in needlecraft.

RED CROSS CORPS

All uniformed women who are giving volunteer service to the Red Cross, who have heretofore been known as the Women's Voluntary Service Corps of the Canadian Red Cross, will henceforth be called the Red Cross Corps.

AGED MAN KNITTER

St. Mary's unit of the Vancouver Red Cross branch sent in an exceptionally well knitted pair of grey socks which had been knitted by a man 80 years of age.

NATIVE SONS HELP

The Native Sons at Terrace, who usually sponsor the local Dominion Day celebration, turned over \$350 to the local Red Cross, proceeds of a dance, sale of home-cooking, raffle and sports events.

DESERTER CAUGHT

Rejected by U.S. Immigration officials at Sumas, Wn., when he attempted to cross the line, a man who proved to be a deserter from

a Vancouver military unit, was arrested by Const. Jack Blezard of the B.C. Police and held for military escort which returned him to Vancouver Monday night.

NEIGHBORS LAND IN HOSPITAL AND JAIL AFTER FIGHT

Edward John Jamnicky, Columbia Valley, charged with occasioning bodily injury in a fracas with a neighbor, John Minarech, was sentenced to the time he had spent in jail since arrest when he appeared before Magistrate J. W. Winslow in Sumas police court on Thursday. Minarech, according to Const. J. Blezard who arrested Jamnicky, sustained three knife wounds in the neck and shoulders and required treatment at Chilliwack Hospital for three days.

UNFORTUNATE INDIAN

Fred Weslick, an Indian from the Sardis Reserve, arrested Saturday night by Const. Ray Ellis and charged under the Indian Act with intoxication, was fined \$5 and costs in Abbotsford police court Monday. Earlier Saturday evening the accused suffered a black eye in an auto accident when the rim and tire of a front wheel of an auto in which he was riding came off and the car ran into a ditch on No. 1 Highway near the Clearbrook road, Matsqui.

ACCIDENT REPORTED ON VEDDER DETOUR

Const. James Bennett, newly appointed Highway Patrol Officer at Abbotsford, was called to Vedder Crossing this morning when it was reported a flagman on the railway bridge, being used there as a detour traffic span, had been injured. Traffic to Cultus Lake is re-routed from Barrowton through Yarrow to the old Vedder Mountain highway since the Vedder Crossing bridge was closed Friday

VALLEY LUMBER YARD BRANCH HERE SOLD TO PIONEER LOCAL FIRM

Announcement is made this week by the respective managers, A. Donaldson and A. R. Kinross, that Abbotsford Lumber Co., Ltd., of which J. E. Trethewey is president, has acquired the property of and buildings of the Abbotsford branch of Valley Lumber Yards Ltd. The latter firm has practically completed removal of its effects from the big lumber storage building and yard on No. 1 Highway near the eastern boundary of Abbotsford and the pioneer Abbotsford Lumber Co. will make the premises its future headquarters this week. Mr. Donaldson reports removal of office and stocks of building supplies from the historic Mill Lake site of the Abbotsford company will be effected within a day or so.

PROTEST MEETING

(Continued from Front Page)

parents of children when school reopens in September was forecast by Mr. Cruickshank.

SUMAS PROTEST

No reply had been received by Sumas Municipal Council to its protest forwarded weeks ago to Premier Pattullo, Reeve Alex Hogen stated. If made nationwide as a war measure it might be all right, he said, but it worked a hardship in farming communities. Not only the dairymen suffered, Reeve Hogen pointed out, but it made an awkward situation in the harvesting season now commencing. Conditions under new time permitted only three hours work in the forenoon and necessitated six hours work after lunch hour. He thought a change back to the old time could be worked out locally.

OPOSED BY REEVES

Farmer reeves of the Fraser Valley are all opposed to the changed time, Reeve James Simpson of Matsqui declared in reporting the attitude of a recent meeting of reeves. In his opinion, he said, farmers were perfectly justified in their stand against DST.

Bruce Gleig of Abbotsford pointed out that daylight saving had been repeatedly turned down in Vancouver, there was no shortage of electrical energy to justify the change, in fact there was a large surplus.

W. S. Hill-Tout, well known Matsqui poultryman, pointing to the loss in time, money and production occasioned by the change, declared that the importance of the agricultural industry in the province should give it a big say in decisions of this nature. He advocated a resolution of protest and a motion to this effect was made by H. Conway and A. T. Clausen, who suggested the chair name a committee.

Chairman Andrews asked if anyone was in favor of "fast time." After a silence a voice in the audience remarked, "there are no tennis or golf players in the audience." Milton Switzer observed humorously that there must be something in favor of it since Scotland had advanced clocks 2 hours whereupon Angus Campbell remarked that if more Scotsmen had to get up at 4 a.m. and milk cows they would change back.

The resolution committee appointed by the chair consisted of W. S. Hill-Tout, Poplar; E. H. Baker, Bradner, and Lang. Sands, Abbotsford. The resolution they drafted, reproduced on page one of this issue, was adopted unanimously and Secretary Len. Zink was asked to forward it to Premier Pattullo and other Boards of Trade in the Fraser Valley.

Before adjourning the meeting entered into an interesting discussion led by G. E. W. Clarke, district horticulturist, on noxious weed control, which will be reported in the next issue. An invitation was extended by the Board, endorsed by Reeve Hogen of Sumas and Reeve Simpson of Matsqui, to the B.C. Weekly Newspaper Publishers to tour the M-S-A Area when they convene in Vancouver Oct. 2-3.

REGISTERED JERSEY AUCTIONS FOR \$120

Other fresh cows fetched from \$35 to \$97.50, young stock from \$8 to \$47, beef cows \$23 to \$72, bulls \$38 to \$57 and calves from 50c to \$7.75. Poultry ranged 42c to 75c, turkeys \$1.50 to \$2, ducks 25c to 32c, weaners \$4 to \$7, sow due to farrow in two weeks brought \$42.50 and feeders went for \$10 to \$13.25.

\$20 FINE PAID

Charged with indecent exposure, a Sumas man was found guilty in Abbotsford police court Tuesday night and fined \$20 and costs with the alternative of 30 days in jail. The fine and costs were paid. Constable Jack Blezard prosecuted and Constable Fred Saunders was the informant.
